GLASS PARTITIONS

BY MURAFLEX

Muraflex transforms floor plans into architectural spaces. With a European touch, our design-savvy demountable glass office wall systems and freestanding pods create a distinguished work environment, bringing elegance and purpose together. Rather than permanent drywall, benefit from safe, flexible and reconfigurable walls through one of our 7 lines: MIMO, FINO and QUADRO our demountable glass partitions, EXPO our telescoping door, the versatile demising wall system PLANIKA, and finally two freestanding pods: ARCO and ZITTO.

SERVICE, DESIGN, QUALITY & ADAPATABILITY

SERVICE - At Muraflex, we keep the end-user in mind every step of the way. From wall research and development to after sales service, we have a seasoned team of engineers, local representatives, project managers and after sales service consultants who is dedicated to ensure that every clients' expectations are surpassed.

DESIGN - Muraflex is all about good design. Muraflex products are not only high-performing but also always emblematic of sophistication and refinement. From our walls to our free-standing pods, our products are architectural elements that beautify a space.

QUALITY - It is part of Muraflex's mission to deliver top quality products. Never one without the other, we deliver an extraordinary design aesthetic with high quality results. Our team of engineers across North America and Europe work together with our clients to create the highest performing wall systems.

ADAPTABILITY - Adaptability, versatility and flexibility are key words for our products as well as our people. Not only do we seek to make our products easily demountable and moveable, we also always attend to our clients' specific needs. We know that every project is unique, and some might need a custom option. At Muraflex, we have a team of people that will work to make these designs come to life.

MIMO

BY MURAFLEX

MIMO is a true demountable wall. Installed on the finished floor, MIMO can easily be moved and reconfigured. This line satisfies all types of walls, glass or solid panels, and doors: sliding; hinged; with pivots; glass or wood. MIMO walls can also accommodate electrical wiring or plumbing. Apart from being stylish and sophisticated, this line is functional, fully customizable, and perfectly hygienic.

MINIMAL. MODERN

MIMO is a perfect option for all commercial designs, such as offices, public spaces, or sanitary needs such as hospitals or laboratories. Made from fully recyclable aluminum, the extrusions are available in countless colors and finishes and can accept a variety of glass and wall panels. Our MIMO range has all the required and necessary conformities, compliances, tests, certifications and contributes to the LEED and WELL codes.

FINO

BY MURAFLEX

Clean lines and thin profiles. Reveal the beauty of every interior space while enhancing architectural features and letting in more natural light. Inspired by a sleek design aesthetic, FINO from Muraflex is a streamlined demountable glass wall solution, providing flexibility and convenience with less bulk. Made from fully recyclable aluminum, Muraflex offers European style with domestic lead times.

THIN. MODERN

FINO is a leader in innovation and engineering with superior quality in performance and design. Minimal and elegant, FINO has an exceptional design, and any architect's dream, of perfect alignment. With the need for superior acoustics and achieving higher STC scores, all FINO doors, whether swing or sliding, are inimitably engineered to perfectly seal closed..

PLANIKA

BY MURAFLEX

PLANIKA demising demountable office wall systems are fully demountable offering versatility and flexibility of design in any space without the long-term commitment of conventional drywall construction. Its steel structure is robust and its modularity makes it easy to interchange panels and add furnishings in no time. Electrical and plumbing ready, safe and easy to clean, PLANIKA is the perfect solution for all settings including office, retail or hospital, and other healthcare services.

MODULAR WALLS

PLANIKA provides the freedom to customize your workspace using several different colors and material choices. Going from mismatched surfaces on either side of the partition to the insertion of hanging furniture, the possibilities are countless. PLANIKA demising wall system allows the flexibility to change your mind as many times as you like without even affecting the internal structure of the system..
