

## Warranty & sustainability promise!

Cook's Construction & Consulting INC, in partnership with ASP Access floors are proud to offer an industry leading **20-year\*** manufacturer's warranty on every access flooring installation. Through a dedicated commitment to research & development, unrivaled quality control program and a hunger to be the best – we are proud to offer the most comprehensive warranty within the industry today!

Furthermore, Cook's Construction & Consulting INC. goes one step further, we offer an unprecedented installation warranty of **10 years\*** - Cook's utilizes all in-house, trained and certified professional installers which allows us to absolutely guarantee the best quality installation on our raised access flooring projects!

In addition to our industry leading warranties, Cook's and ASP are proud to lead the world in sustainable access flooring products! Both the ICON and Urban series raised access floor systems are made up of ~97% recycled materials, with continued efforts to push this even higher! On top of this amazing accomplishment, ASP and Cook's, in partnership with EKOS can proudly say that we offer a solution to attain a truly carbon neutral certification on any raised access flooring project, that's right, CARBON NEUTRAL!!!

Curious how this works? Contact us now!

Best regards,

A handwritten signature in black ink, appearing to read 'R. Cook'.

Russell J. Cook NCSO, GSC, Dip.ME

Some limitations and exceptions to the warranty are applicable, dependent on loading, finishes, and design use.
